July Vacation Care Snapshot

SOME OF OUR HIGHLIGHTS

Here at SCC, we all really enjoyed the July Vacation Care program that was filled with a variety of activities such as Archery and Mini Beasts Nature Club. One of our favourite excursions was to the Nostalgia Box where all the children were able to play video games at the video game museum. We look forward to seeing you all for our next holiday adventures!

Pajama Day

FUNDRAISER FOR THE ASTHMA AUSTRALIA FOUNDATION

Thank you to everyone that helped us raise money towards this foundation! Together we raised \$70.25.

INTRODUCTION OF STAFF

SANCHIA BRITZ

I am a supervisor at SCC. I am currently in my second year of Entrepreneurship and Marketing at Curtin University alongside completing my Diploma in Beauty Therapy and Make up. My value lies mostly in the creation and implementation crafts, planning the food and using my creative skills to make our space as welcoming and warm as possible. I believe that craft plays a vital role in children's development and self-expression.

MELVIN HARTLEY

I am currently first-year engineering and data science student at the University of Western Australia. It has been my joy and privilege to get to know and serve your kids since undertaking this job in late February this year. It has personally taught me so much about service, leadership and yes, patience. It is my hope that as I continue to work here at the centre I can pursue to be an effective role model for your children.

JACK BARDSLEY

I started working at Subiaco Children's Centre in 2016 and have loved every bit of it. I am currently in my second year of primary teaching at Notre Dame University. I thoroughly enjoy sport and running activities everyday at the Centre with the children, as I believe being physically active is an important part of growing up and a great way to form friendships.

POLICY REVIEW

QUALITY AREA 2

We are in the process of updating our policies.
Your feedback and input would be greatly appreciated.
Please follow the link to review our draft policy on
Children's Health and Safety.

PLEASE TAKE NOTE:
