

Leadership and service management

Introduction

The requirements of an education and care service in the area of Management and Leadership are embedded in the Education and Care Services National Law and Regulations and related legislation regarding management of a business and working with a staff team and with parents who are consumers at the service.

Core references are given in each policy and the main reference list is at the back of the Manual, however the reader should consider the references that apply for their local situation.

The national Early Childhood Australia Code of Ethics is an important part of this work.

Critical areas of concern

Governance of the service will be conducted legally, ethically and with integrity. Management will identify risks and develop appropriate strategies. Management will also address its legal obligations and manage these through education of staff, policies and relevant processes. The management will ensure that the Service complies with the appropriate legislation and relevant standards.

Implementation

The service philosophy guides the development and implementation of all its policies, leadership and management are no exception.

Knowledge development

Staff in this service are required to have or be working toward the relevant baseline qualification and then continue their ongoing learning. In this area, it includes:

- Orientation
- Professional learning
- Ongoing reading, discussion and self-reflection as a manager and leader
- External professional development.

Critical reference

This suite of policies (QA&) is designed to complement the ChildHR policies.

Policy statement

We commit to working with parents closely and seek to communicate well with parents on the major decisions through the day.

To reduce the risk of misunderstanding, we require written specific authorisation for actions such as the collection of children, seeking medical treatment, administration of medications, and participation in excursions.

Note:

In accordance with the Education and Care Services National Regulations, the Service will waive compliance with this policy where a child requires emergency medical treatment for conditions such as anaphylaxis and asthma.

In emergencies, the Service will seek to act in the best interests of the child and will contact the parent as soon as practicable.

Rationale

One of the primary objectives of the Education and Care Services National Law and the Education and Care Services National Regulations is to ensure the safety, health and wellbeing of children attending education and care services.

The Early Years Learning Framework tells us that partnerships with families are based on the foundations of understanding each other's expectations and attitudes, and building on the strength of each other's knowledge.

Procedure: Acceptance and refusal of authorisations

Responsibilities of the Centre

The Nominated Supervisor will ensure that:

- parents are advised of the requirements for authorisations
- parents are informed that court orders, parenting orders or parenting plans may affect who has the right to give and be named in any authorisations.
- the service will apply the authorisations appropriately
- the retention of the authorisations with the enrolment record will be undertaken each year
- the service will exercise the right of refusal if the authorisations do not comply with our policy or procedures.

Valid authorisations

The Nominated Supervisor or their delegate will check all authorisations, should any be unclear or not completed or not comply with policy, the Nominated Supervisor will advise parents verbally that these must be completed correctly asap.

Parent's role

It is a condition of enrolment that Parents are to ensure that their authorisations are kept current.

Parents are **required** to advise the Service of any court orders, parenting orders or parenting plans which may affect who have the right to give and be named in any authorisations.

Issue resolution

Should any issue or concern be identified, Educators will first discuss with the family member. Should this not provide a resolution, or not be possible, either party will discuss the issue with the Director.

Policy statement

The Service respects and supports the right of all individuals to privacy and the confidentiality of their personal information.

Information given to the service will be handled in a professional manner and stored appropriately to prevent access to those not authorised to see or use it.

Information will only be accessed by or disclosed to those people who “need” the information to fulfil their responsibilities at the Service or have a legal right to the information.

All information collected by the Service will only be used for the purpose it is collected for.

Most information requested by the Service will be explained at orientation or at the time of its collection.

Rationale

The Early Years Learning Framework tells us that in genuine partnerships families and educators value each other’s knowledge and roles, communicate freely and respectfully and engage in shared decision making.

The information shared by parents must be treated with respect, mindful of parent expectations and legal requirements.

Procedure: Privacy

Information Collected

The Service collects information for the purposes of providing education and care required under the National Quality Framework.

How it is collected

Information is collected in a professional manner through daily interactions and written communication. It is gathered in detail during enrolment, on forms, in specific discussions, direct observations and discussions with parents and support agencies.

How it is stored

Information is stored in the administration area. The material/records are stored as either hard copies in document files or in electronic form on computers.

How it is secured

- Service staff are required to commit to professional sharing of information.
- Documents in hard copy are only used as appropriate.
- Confidential documents are stored in locked documents.
- Documents stored electronically are secured through measures such as passwords.

How it is used

Information gathered is used to:

- support the enrolment process
- develop plans and programs for each child
- support families in their parenting
- support staff in professional development
- complete tasks required by the Australian and Western Australian governments.

How it may be disclosed

Information may be disclosed:

- to the relevant Government Departments as required by law
- should there be a concern or disclosure of child abuse, information will be provided to the appropriate authorities
- when the Service and parents of a child are working to support the inclusion of their child
- within the team so Educators can provide informed care
- to emergency services.

Data quality and access

Staff and Parents are entitled to have access their own personal and private information at a suitable time on request and may correct or update information.

Time required to keep information

The Service follows recommended guidelines for the periods of time that certain information is required to be kept by law.

Any information that is no longer required to be kept by the Service will be destroyed.

Concerns

Individuals must register any privacy concerns with the Nominated Supervisor.

Responsibilities

Visiting media, students, or observers

To safeguard and respect the privacy of the families in the Centre, visiting media, students, or observers must adhere to the following:

Meet with the Nominated Supervisor, provide photo identification and discuss their proposed visit in full detail. The Nominated Supervisor will decide whether the proposal can proceed, basing the decision on the policies of the Service.

Visitors will only enter the Service with permission and will sign in the visitors book for each visit. They will be required to adhere to all Service policies and procedures. Visitors will not be permitted to deviate from the agreed plan e.g. they will not photograph children without permission from the Service and parents.

Information gathered in the Service is confidential and cannot be used without the informed consent of the Nominated Supervisor who will consult with the relevant parents.

Parents wishing to video or photograph children in any manner in their group can do so only after the Educators have the permission of the relevant parents.

Staff members

Any documentation written by staff about children will be accurate, timely and free from negative or biased comments. All documentation will be dated and contain the author's name.

Any visual images taken by staff of enrolled children in the Service will not be used for any purpose other than the purpose for which the parent was originally advised, unless written consent is obtained.

All matters discussed at meetings will be regarded as confidential unless otherwise expressed at the meeting.

Staff will adhere to the specific confidentiality requirements in regards to child protection issues.

Parents

Parents are required to respect the privacy of staff and other families at the Service.

Should parents be unsure or concerned about any privacy issue, they are encouraged to discuss their concerns with the Service.

Professional practice note

Managing privacy considerations is a sensitive area of professional practice. In an education and care service, staff must interact with families and communities who have complex issues relating to family structures and kinship systems. There may also be legal issues relating to parenting orders and agreements. To ensure staff are able to manage information according to policy and with the required sensitivity, the topic should be discussed whenever document management is raised, at orientations and annually at staff meetings.

Policy statement

We work hard to develop effective working relationships with parents and staff.

The care of each child is a partnership between staff and parents and it is important that open channels of communication are kept to facilitate the best interest of each child. We believe that every parent has the right to a positive and respectful response to their concerns.

Parents are welcome to discuss any matters concerning their child with Educators, the Nominated Supervisor or the Director.

Solutions will be sought to resolve all disputes, issues or concerns that impact or affect the day to day wellbeing of a child or the Service in a fair, prompt and positive manner.

Where possible, all confidential conversations/discussions with parents will take place in a quiet area away from children, other parents and staff who are not involved.

Both parties will be respectful of each other in order for a satisfactory resolution to occur.

Rationale

The Early Years Learning Framework tells us that partnerships with families are based on the foundations of understanding each other's expectations and attitudes, and build on the strength of each other's knowledge. In genuine partnerships, families and early childhood educators:

Procedure: Dealing with complaints

Grievance Resolution Process

- If a parent has a concern regarding their child, they should approach an educator.
- If a parent is reluctant to approach an educator or they are not satisfied with the outcome, the Nominated Supervisor should be approached to assist.
- If a parent has a concern regarding the treatment or safety of a child then they should contact the Nominated Supervisor as soon as is possible.

Complaints Resolution Process

- The Service will acknowledge all complaints not relating to the wellbeing of a child that are provided in writing within 1 workingday.
- **Concerns for the wellbeing of a child will be actioned immediately.**
- The Nominated Supervisor will provide an explanation or the investigation avenues to be used.

Policy statement

The Service will actively promote diversity and encourage acceptance and appreciation of each person's individuality. Every person at our Service will be treated with respect.

The Service and our professional practice will reflect, recognise and respect the diversity of those using the Service and the wider community.

The Service will support children to feel good about themselves and comfortable about who they are whilst guiding children's ability to recognise bias and stereotypes and the effect they have on themselves and others.

The Service will provide inclusion support where necessary as we believe it is important that further professional assistance is sought if required.

Rationale

The Early Years Learning Framework tells us that there are many ways of living, being and of knowing.

Children are born belonging to a culture, which is not only influenced by traditional practices, heritage and generational knowledge, but also by the experiences, values and beliefs of individual families and communities.

Respecting diversity means valuing and reflecting the practices, values and beliefs of each family.

Educators respect the cultures, languages, traditions, child rearing practices and lifestyle choices of families. They understand the importance of children's and families different capacities and abilities.

Policy statement

Each family will be invited as a partner to be involved in the service from orientation.

Our priority during enrolment and orientation is to ensure that each child and family's needs are identified, and planning immediately begins to meet these needs - beginning with settling in and feeling that they belong.

Every effort is made to be fair and equitable in our work with families. To support this, a waiting list is held and updated to manage the vacancies as they occur.

Rationale

The Early Years Learning Framework tells us that there are many ways of living, being and of knowing.

Children are born belonging to a culture, which is not only influenced by traditional practices, heritage and generational knowledge, but also by the experiences, values and beliefs of individual families and communities.

Educators respect the cultures, languages, traditions, child rearing practices and lifestyle choices of families. They understand the importance of children's and families different capacities and abilities.

Procedure: Enrolment and Orientation

Parent Orientation

- Arrangements are made for the parent and child orientations as soon as the place is accepted however it is best nearer to the starting date if the child is to begin in the New Year.
- Parent orientation takes two parts:
 - General orientation - either in a group with new parents or as individuals
 - Individual orientation - finalizing orientation and enrolment details. This will also provide an opportunity for parents to discuss any concerns or issues.
- When larger numbers of children are enrolling:
 - An orientation meeting is arranged.
 - Parents are provided with their enrolment package, the requirements are discussed and they are encouraged to ask any questions and provide information they see as essential.
 - Parents are encouraged to arrange a further individual meeting if they require more time to discuss any relevant child or family issues and or concerns.
- When individual families are enrolling:
 - Parents are invited to come to the Service for their parent orientation meeting
 - Parents are provided with their enrolment package
 - The requirements are discussed and they are encouraged to ask any questions and provide information they see as essential. Parents are encouraged to arrange a further individual meeting if they require more time to discuss any relevant child related issues or enrolment concerns.
- Fees are confirmed with the parent.
- Parents are introduced to educators. It is stressed that this is the core of the parents working relationship with the centre, however management are available for any broader issues, information, concerns or complaints or discussion on children's development and growth.

Child orientation and settling

- Qualified staff will ensure educators have all the required enrolment documentation before they meet with the parent and child.
- Parents are introduced to educators who will encourage parents to speak about:
 - the expectations they hold for their child
 - their child's strengths and needs and any health issues
 - as well as sharing information on any other services they may be accessing
 - the separation and how the parents would like this to be managed and what the room staff can do to assist.
